Greer Hussey is new sales coordinator for Chevalle

(September 20, 2007–Chaska, Minn.) — Chevalle Development Company has named Greer Hussey to the position of Sales Coordinator for Chevalle, the company's 300 acre conservation development in Chaska. A fulltime Realtor at Edina Realty in Chanhassen, Hussey will be responsible for overall coordination of sales activity. Hussey is a resident of Chanhassen.

"We are thrilled to add Greer to our Chevalle team," said Rachel Igel, who along with her husband David Igel operates Chevalle Development Company. "Even though she is new to this position, she has had a long association Chevalle and possesses an extensive understanding of our development and the broader community. Her enthusiasm for this project and her commitment to understanding the needs and interests of prospective buyers made her a wonderful choice for this position," she said.

Situated on 300 acres of pristine rolling countryside abutting the north shore of fully recreational Lake Bavaria in Chaska, Chevalle is a highly desirable, environmentally sensitive, master-planned community featuring three distinct residential neighborhoods with more than 200 distinguished homes, ranging from custom single family homes to twin homes and villas. In addition, Chevalle will feature 200 acres of open green space with a wide range of amenities, including two new public parks, a pool and children's playground area, a neighborhood pavilion, pontoon and canoe reservation through the neighborhood association, 10.5 miles of lighted public walking, biking, hiking and equestrian trails, and extensive pasture land where horses will graze. The development plan also involves several restoration, conservation and education components, including the restoration of over 30 acres of habitat-designed wetland areas, the introduction of native bird species, a butterfly garden, poppy fields, and an apple orchard. Educational placards will be placed throughout the property to help residents and community trail users better understand and appreciate their environment. A 40,000 square foot state-of-the-art equestrian center is also planned for the development.

To get more information about Chevalle, visit www.chevallehomes.com, call 952-443-4440, or visit the sales center at 3720 Bavaria Road (a mile and a half south of Highway 5 on Bavaria), in Chaska.
